NEW ENGLAND MUTUAL LIFE INSURANCE CO.

BOSTON, MASSACHUSETTS.

Chartered April, 1835.

Branch Offices in Metropolitan Bank Building, 110
Broadway, New York City.

**Capital and accumulation of Premiums to meet losses,
Over \$750,000,**

After paying a five years dividend to all insured, (in cash,
not in scrip,) of 30 per cent., amounting to

\$141,000,

The entire surplus profits are divided among all the mem-
bers every five years, thus avoiding the unnecessary and
uncertain tendency of large accumulations of unpaid divi-
dends, erroneously called capital, and also affording a certain
and good rate of interest upon the outlay of premiums.

\$100,000,

is deposited with the Comptroller of the State of New
York, to meet the requirements of the law, to secure
policy holders in this state.

*This is the oldest American Mutual Life Insurance Com-
pany and one of the most successful.*

Insurance may be effected for the benefit of a married
woman beyond the reach of her husband's creditors. Cred-
itors may insure the lives of debtors.

A blank form for application for insurance, or a copy of
the Company's pamphlet, containing the charter, rules and
regulations, also the annual reports showing the condition
of the Company, will be furnished gratis.

## FEMALE CHARITABLE SOCIETY OF NEWARK.

*Organized 1803—52 years ago.*

~~~~~

This Society was formed in 1803. The object of which was to assist all *worthy poor* females of this City, without denominational distinction, who are of good character and standing, and in need of assistance. An annual sermon has been preached by some one of our Clergymen, and a collection taken in aid of the Society, which, together with donations from other sources, has enabled the Society to *ameliorate* the condition of thousands of suffering poor in this City.

The total amount received from November 14, 1853, to November 14, 1854, was - - - - \$1279,49

Whole amount expended in the same time - 1320,30
And the number of families assisted (more or less) 300

The last annual sermon was preached the 31st of December, 1854, in which the claims of the Society were ably, feelingly, and forcibly presented by Rev. E. R. Craven, in the Third Presbyterian Church on Sunday Evening.

Amount of collection - - - - \$410,37

PROGRESSIVE GROWTH OF OUR CITY.

The following table shows the growth of our population during the last thirty years ; in which period it appears to have grown from Six Thousand to Fifty Thousand—and that too by those regular gradations that indicate a sound and wholesome progress. The prosperity of the city rests upon the surest of all possible grounds—steady industry and sound morality. At the present rate of progress—and we see nothing that is likely to check it—the population must approach at least an hundred thousand within another 15 years.

PIERSON'S
NEWARK CITY DIRECTORY,

FOR THE
80th YEAR OF AMERICAN INDEPENDENCE,
FROM 4TH JULY, 1855.

Important Observations to those using this Work.

Throughout this Directory, the Christian names of those where there are more than one of the same surname, are carefully alphabetically arranged, male and female, firms, &c. In searching for a name, the inquirer must know the proper spelling. For example, a person seeking for Pierson, will not find the one sought for if he looks in the names of Pierson, or Person; so, also, for Bonnell, he should not look among the Bonnells, or Bunnels; and for Conger, not in Congar; and for Parcels, not look in Parsals, Parceils, or Parsil; nor for Hays in Hayes.

# WILDER'S PATENT SALAMANDER SAFES.

The only Safes with Wilders' Patent and Rich's Patent Combined, are made by

**STEARNS & MARVIN,**  
**146 Water st.,**  
**NEW YORK,**

The sole Proprietors of Rich's Patent.

**Great Fire at Edgefield Court House,**  
**S. CAROLINA.**

Edgefield Court House, S. C. 2d Aug. 1852.

Messrs. Stearns & Marvin, (Successors to Rich & Co.,)  
146 Water street, New York:

**GENTLEMEN:**—It is with pleasure we have to inform you that at the great fire which consumed our store, and three others, also the jail, we preserved all our books and papers in one of your Salamander Safes, purchased from your Agent in Charleston, Mr. L. M. Hatch. The stores were built of pitch pine, and the heat was truly terrific. The crowd present ridiculed the idea of anything standing such a fire, yet we never lost confidence in the Safe. Upon opening it next day, in the presence of those who witnessed the fire, the greatest astonishment prevailed when they saw everything inside the Safe perfect, and without a stain, except what arose from the steam of the Salamander. We shall call upon you next month to select another Safe, and remain,

Yours respectfully,

**WILLIAMS & CHRISTIE.**

The above letter shows that in a real hot fire Rich's Salamanders (Wilder's Patent) are the only Safes to be depended upon. In the Pearl street fire, eleven Safes of different makers, were totally destroyed, Rich's Safe alone bidding defiance to the flames, preserving notes, bonds and mortgages to the value of \$100,000. The Chillicothe fire is a parallel case—every Safe but Rich's was destroyed. The Wetumpka fire followed, and seventy buildings were destroyed, Rich's Safe again being the only one that survived its competitors. These repeated occurrences prove incontestably that Wilder's patent Salamanders, with Rich's Improvement, are the best Safes in the U. States, or in the whole world. They can be had at the Depot, No. 146 Water street, and at the Factory, corner of St. Mark's Place and Avenue A, New York. Orders for Burglar Proof Vaults, and Vault Doors promptly and faithfully executed.

THE "COMPOSITE IRON RAILING,"

Manufactured at the ATLANTIC RAILING WORKS, is for sale only by
GEORGE FOSTER, Agent,

No. 398 BROADWAY,

Corner Walker Street,

NEW YORK.

The invention of Composite Iron Railing, (which was patented in the United States, January 13, 1852, and in England, August 11, 1852,) marks a new era in the manufacture of Iron Fencing. Possessing more strength and firmness than the ordinary Wrought Iron Railing, it is susceptible of all the elaborated beauty of the Cast Iron Railing, and can be furnished at a reduced cost. By casting the ornaments on and around the structure itself, a Railing is produced, the frame work of which is made of Wrought Iron Rods and Bars, nowhere coming in actual contact, yet intricately connected and joined by Cast Iron Ties, and thus securing the three most desirable qualities of any Manufacture, viz: Cheapness, Beauty and Durability. Railings for Public and Private Grounds, for Cemetery Lots, for Offices, Streets, Steps, &c., also Verandahs, Balconies, &c., furnished at short notice.

Prices range from 50 cts. to \$5 per lineal foot.

FRENCH ELASTIC SPRING BED-BOTTOMS

Patented in Europe and the United States.

In Europe they were awarded Three Gold Medals, and at the Fair of the American Institute, New York, 1852, they received the Silver Medal for the "Best Spring Bed-Bottom."

The construction of the French Elastic Spring Bed-Bottoms rest on galvanized iron spirals, the spring and elasticity of which operate in a contrary way to the one exercised by the pressure of the body, which renders the elasticity of the spring unalterable, and will last for 40 years, without sinking or giving way of themselves.

The use of the French Elastic Spring Bed-Bottoms will, we trust, in future be general in families, knowing that these Spring Bed-bottoms, can be so arranged as to fit Bedsteads of all shapes and sizes. Persons that have Bedsteads can give their orders, and immediately one of our Spring Bed-bottoms will be fitted and delivered. A simple little mattress, put on one of our Spring Bed-bottoms constitutes the most comfortable bed imaginable! What is better than a good bed to rest on, when one is sure of being free from all kinds of vermin, bedbugs or dust, making the bed perfectly clean? One of the great advantages of the French Elastic Spring Bed-bottoms is, at the same time that a person is lying softly, the air circulates freely all through the bed, and one enjoys the sweetness of sleep without all the inconveniences arising from the use of triple mattresses and feather beds, which always heat the blood by the absence of the air, and of endangers the health. We have already sold a great many of our French Elastic Spring Bed-bottoms in America, and we appeal to the judgment of such persons as are using them now, and that more than 60 per cent. of those same persons, have returned with more orders for all their families. It may seem impossible to believe the comfort that one feels on reposing on our Spring Bed-bottoms and the extremely low prices that we are selling them at, induces us to believe that all the families of New York, and its vicinity, will not be long without them; and also, the Hotels will be kind enough to extend their patronage to us, for the comfort of their customers.

Demeure, Mauritz & Co., sole proprietors of the Patent, sell their Spring Bed-bottoms for Cash only and warranted

ADVERTISEMENT.

My NEWARK CITY DIRECTORY, for the TWENTY-FIRST year, will be published on the twenty-fourth of May, 1855, and will be found to contain *one* of the most perfect and full collection of names taken since I used to canvass myself; and while I have been posting the names from my canvassers' books, I have been pleased to see how perfectly a great majority of the citizens have given their names—and then, I have been vexed and troubled greatly, to see how perfectly indifferent a great many have given their names, as if they did not care whether their names were in or out. And where there are two and three names in one house, and *all* in the Directory now, they would give one name, and say there were no more—and when I send my canvasser back to see how it was, they would answer: "*Law suz*, they are here, but I did not think of them"—and this has been the case 21 years. *It is too trying.*

The boundaries of each Ward are as follows, viz.: First Ward (*North*), by New, High, Quarry, East Quarry, the River, and Centre street; Second Ward (*West*), by Broad William, High and New streets; Third Ward (*South*), by Broad, William, High, Broad, Clinton Township and South Broad street; Fourth Ward (*East*), by Broad, Park Place, Centre street, the River, Railroad Avenue, East Fair and Fair streets; Fifth Ward, by Railroad Avenue, the River and the Meadows; Sixth Ward, by High, Broad, Clinton Township, Orange Township, and Bank str; Seventh Ward, by Bank, Orange Road, Orange Towns Orange, Quarry, and High streets; Eighth Ward, by Quarry, Quarry, Orange, Orange Township, Bellevue Township, and the River; Ninth Ward, by Broad, South Broad, Railroad Avenue, East Fair and Fair streets.

I have taken unusual pains to make this number (21) one of my best productions. I have got my maps beautifully colored, and have re-written the Runners' Guide, and made it perfect—and all that remains, is to have the buildings numbered that are not—and Council should hire a man to measure every street not yet numbered, and put up a cheap number, and then let the owners put up a better one if they choose. When I commence selling my books, I wish *all* to buy and pay for them, and never let me have suffer as I did last year.
